Dear Ms. McLeod-McKay:

Re: HIP16-021 Consideration Report – Recommendation #1

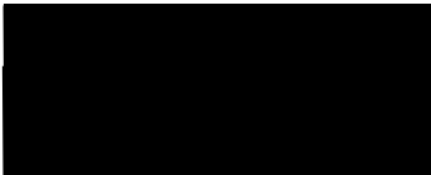

Thank you for your correspondence of November 16, 2018 regarding the recommendations you made in your Consideration Report of the above noted file.

Health and Social Services has accepted the recommendations, and I am pleased with the progress that is being made on both.

The review of the Department's practice of collecting a copy of the clinic record from the physician is currently being undertaken as per the enclosed "Project At a Glance" document, with an objective of engaging your office in mid December, and submission of report to you by January 5, 2019.

If you have any questions about status or progress of this work, please do not hesitate to contact Jennifer Potvin, Chief Information Officer for more information.

I would also like to take opportunity to thank you and your staff for your collaboration on implementation of Recommendation 1; I know that our Privacy Management team within HSS has also benefited from the detailed reviews and discussion.
